SUPERINTENDENT'S REPORT

To the School Board and Citizens of Madison:

I herewith submit my fifteenth annual report as Superintendent of Schools, it being the twenty-third in the series of such reports.

The schools of Madison are dealing with vitally important problems—the character and education of the boys and girls. Schools should, of course, be varied to meet new conditions as they arise, and some are wisely giving more time to the preparation for immediate tasks of trade or business. The grade schools have not been able to vary much, but have sought, through regular tasks and school activities, to teach lessons of good citizenship.

The High School has made an advance in the introduction of the practical work in chemistry. This course opens up facts which have become the basis of many medical and commercial investigations and many helpful discoveries. It is a prerequisite for girls who wish to enter hospitals for training as nurses.

Another interesting new course is physiography. This is a study of the earth as we find it around us in soils, stratified rocks, kinds of rocks, stream beds and various land formations, winds, tides, mountains and forests. Life becomes more enjoyable and useful when we can know the world forms about us.

The buildings are in the usual good state of repair. The School Board sees to it each summer that the buildings are painted inside and out at proper intervals and that the furniture is repaired and varnished. We do need to take definite steps to modernize our equipment. We need ventilating heaters, chemical toilets, adjustable furniture, beautified lawns, more spacious playgrounds with suitable equipment. I suggest that we begin this year by providing part of these

needs, preferably the chemical toilets at Madison Corner and Nickerson Schools.

Special aids are being offered the schools to enliven the routine work. The Silver Lake Woman's Club is still sponsoring the prize-speaking contest, and a worthy group represents the High School each year in the final contest in the Town Hall. Speakers enliven the club programs on Fridays, some very fine talent donating time to inspire the pupils. Visual education is still bringing worthwhile pictures to interest and help. "The Covered Wagon" proved especially helpful in giving a background for historical study of pioneer days in the far west. On Memorial Day we used the picture, "America Goes Over."

Medical inspection work is still being conducted by Miss Helen Nichols, R. N., who makes examinations and looks after remedial work as far as possible. Remedial work drags, however, as many parents feel unable to pay, and public funds are not available. Is there some public agency which can help in this much-needed work?

Miss Nichols' report is appended.

At this time parents are reminded that little people must be vaccinated if they are to enter school next fall.

Recent graduates now in post-secondary schools include Carlyle Chick in Worcester Tech, Francena Pearson in Bates College, Ruth Van Dusen in Gorham Normal School, Howard Kennett in Northampton Commercial College and Fred Robinson in Concord Business College. Several reports have said these students are reflecting credit on Madison High School.

Teachers are as follows:

Joseph Reardon, Headmaster of High School; Clark University.

Priscilla Noddin, Assistant; University of Maine.

Erma H. Brooks, Assistant and Grades VII and

VIII; Plymouth Normal School.

Mrs. Clara R. Perkins, Silver Lake School; Plymouth Normal School.

Mrs. Ethel J. Whiting, Silver Lake School; Plymouth Normal School.

Jean Quincy, Nickerson School; Plymouth Normal School.

The following were given diplomas at the graduating exercises last June: Howard Kennett, Wendell Leavitt, Waldo Leavitt, Naomi Nason, Ruth Van Dusen, Fred Robinson, Bernard Keith.

Statistics

For the year ending June 30, 1935, our schools had an average attendance of 128, an average membership of 137 and a per cent of membership of 93.3.

Attendance Honor Roll
1934-1935

High School: Mary Fickett, Florence Porter.
Nickerson: Philip Kennett, Lawrence Meader.
Junior High: Frank Perreault, Katherine Perreault.
Madison Corner: Philip Harmon.

In conclusion, I wish to thank the School Board, teachers, pupils and citizens for helpful coöperation.

Respectfully submitted
F. W. JACKSON

REPORT OF SCHOOL NURSE

To the Townspeople of Madison:

Quite a lot of corrective work was accomplished in the schools. Though we had no dental clinic, fourteen (14) children had their tonsils and adenoids removed. This was done with the aid of Town and Government money. Altogether $145.50 was spent.

There are still more who need this corrective work done and our biggest need is a dental clinic.

As we have no Government money this year, can we hope for funds to be raised through the various associations in the Town?

What is more important than to keep the future citizens of our Town physically fit?

Respectfully submitted,

HELEN NICHOLS
School Nurse
